a World-Class Lactic Acid Bacteria

I'M HUNGRY, MOM!
OH! HEY, JIN.
LUNCH IS READY. YOU WANNA EAT NOW?
OH MY...
I'M HOME!
STOMP
STOMP
Hiroshima Prefecture, Japan
WEIRD NAMES, THOUGH...
BANG!
JIN SURE DOES LOVE HIS PETS.
CLOMP
CLOMP
CLOMP
RINGO!
MIKAN!
CLOMP
CLOMP
ACTU-ALLY, MAYBE LATER!
COME HERE, GUYS!
IT'S TIME FOR YOUR DINNER.
RABITTO AND OTSURU!
MIKAN!
RINGO!
MEOW
WOOF!
HISSS!!
AND HOW'RE YOU DOING, ATOM?
CHIRP
FLAP FLAP
CLACK
CLACK
HEY, DON'T SCRATCH.
RUSTLE
RUSTLE

This is Jin Nakamura, a kid who loves animals.
He took home and cared for abandoned cats and dogs.
ATOM.
HEY! DON'T HIT ME,
BIFF
JIN! IT'S DINNER TIME!
O-KAY!
HI, HONEY!
DINNER'S READY.
I'M HOME!
UM, NO...
UH-OH
DON'T YOU THINK YOU SHOULD DO THAT FIRST?
NOT AGAIN ...
MMM, LOOKS DELICIOUS!
IN THAT CASE, I THINK I'LL TAKE A BATH
THAT WAY I'LL BE WASHING MY HANDS, TOO.
GASP
HEY, WAIT A MINUTE!
HAVE YOU WASHED YOUR HANDS?

WHAT TH-?!
DAY.
DAD SAYS HE'S GONNA HAVE A BATH!
NO WAY! HEY, YOU GUYS!
HUH, IS THAT SO?
WELL, I SUPPOSE IT'S OK. BUT BE QUICK.
AND ME!
ME, TOO!
BANG!
ERM, DAD, I FEEL A BIT COLD TODAY.
S-SO COULD I USE THE BATH BEFORE YOU?
FOR SOME REASON IT'S GONE ALL CLOUDY!
WE WANT TO AVOID GETTING IN AFTER HIM AT ALL COSTS!
WHY ON EARTH ARE THESE KIDS IN SUCH A RUSH?
The answer can be seen in the bathwater left over when their dad has used the tub.
OK!
I'LL GO RIGHT NOW!
DASH!
HEY, DON'T RUN!

This nukazuke was made by Jin's dad.
IT'S PICKLES IN FERMENTED RICE BRAN! (NUKAZUKE)
EWW!
OK-AAAY
RIGHT, TIME TO EAT.
PIPING HOT
And it was in this charming family setting that Jin was raised.
THANK YOU FOR OUR MEAL.
SOMEHOW WE CAN'T EAT THAT ...
Who, as mentioned earlier, neglected to wash his hands.
and they were taught to him by his father.
LIS-TEN, JIN
There were 2 things important to Jin,
DAD LEFT RICE IN HIS BOWL!
Bing!
O-KAY
JIN, COULD YOU CLEAR THE TABLE?
OH ...

He was a pretty un-relenting boy.
SIGH
YOU'RE TOO EASY ON YOURSELF.
WHAT THE HECK, DAD?
THAT'S NOT VALUING LIFE.
YOU MUST VALUE ALL LIFE
He built a tree house by himself.
HAND MADE
MUNCH MUNCH
HAND MADE
So he took these words to heart.
"GO AFTER WHAT YOU WANT!"
And the other thing was...
WOO HOO!
LET'S HAVE 2 PARTIES A WEEK!
WE HAVE TO MAKE GREAT MEMORIES WHILE WE CAN!
TWICE A WEEK?! IS THAT POSSI-BLE?
And during his school days:
He made first string.
I MADE IT...
I'LL OVERCOME MY PHYSICAL LIMIT-ATIONS!
He spent all day playing basketball, practicing every night.
BOUNCE
BOUNCE
He trained so hard it stunted his growth.

When he turned 21
he started his own business!
TA-DA
But...
OH YEAH, OK!
HEY JIN! YOU'RE DRUNK!
He carried on organizing his parties, and gained popularity.
THAT WAS FUN! NEXT WEEK, TOO?
YEAH, IT WAS AWESOME. YOU'LL NEVER BE DISAPPOINTED. HIS PARTIES ARE ALWAYS A GREAT!
DO IT AGAIN!
HOW ABOUT IT, JIN?
JIN?
HUH? OH, YOU'RE STILL AWAKE.
I NEED YOU TO SIGN THIS.
WHAT?
I CAN'T SPEND ANY TIME WITH MY PRECIOUS FAMILY...
I'M GETTING DEEPER AND DEEPER IN DEBT...
BUT I CAN'T STOP... WHAT SHOULD I DO?
CREAK
Day after day, night after night, spent hard at work...
15日
30日
He was totally exhausted, physically and mentally.
It was then that he was asked...
I CAN'T TAKE IT ANYMORE...
I'M SORRY...
DIVORCE NOTICE

WE ARE SEVERELY SHORT OF SALESPEOPLE.
...
He got a job offer from a corporate manager he knew.
HOW WOULD YOU LIKE TO COME WORK WITH US?
REALLY?
YOU HAVE A BRIGHT FUTURE. HERE'S YOUR CHANCE. TAKE IT.
REWARD
SALES
YOU CAN WORK ON COMMISSION.
These words encouraged him...
THANK YOU VERY MUCH FOR YOUR OFFER. BUT I'M UP TO MY NECK IN DEBT RIGHT NOW...
And was amazed by what he learned there.
He went to Tokyo for the details...
AND LACTIC ACID BACTERIA ARE ABLE TO REVITALIZE BOTH OF THEM....
IT'S UNBELIEVABLE!
THE INTESTINAL IMMUNE SYSTEM IS INCREDIBLE!
SO ARE INTESTINAL BACTERIA!
This was Jin's first meeting with "lactic acid bacteria"!

why the number of people with allergies and atopic disease has increased, amongst other things.
and why, as pinworms have become less common, the number
why they have such big muscles,
such as why giant pandas eat bamboo despite being carnivores,
He learned many things at the information session he attended,
GOOD HEALTH IS THE MOST VALUABLE THING IN THE WORLD.
I WANT TO MAKE IT AVAILABLE TO PEOPLE ALL OVER JAPAN!
This was the moment when Jin, who believed in the "respect of all life" finally found his calling.
IMMUNITY INCREASE
IF THE PEOPLE OF JAPAN TOOK THIS LACTIC ACID BACTERIA HABITUALLY,
THERE WOULD BE FAR FEWER SICK PEOPLE!
BY TAKING LACTIC ACID BACTERIA
THE IMMUNITY OF HUMANS AND ANIMALS WILL BE BOOSTED!
Six months later, his life started to change.
WOW! I GOT 3 MILLION YEN!
SOME DAY... I'D LIKE TO DEVELOP MY OWN STRAIN...
I SWEAR TO MAKE THIS PRODUCT A PART OF JAPANESE CULTURE!
I HAVE TO TELL AS MANY PEOPLE AS POSSIBLE ABOUT LACTIC ACID BACTERIA!
INTESTINAL BACTERIA INTESTINAL IMMUNITY
BOOOM!!
And with that he began his life with lactic acid bacteria.
CRASH

I NEED TO PAY MY MONTHLY BILLS AND LIVING EXPENSES, AND THEN THERE'S MY LOAN.
BUT THAT'S THE WAY IT IS. EVEN IF I DON'T MAKE SALES,
ASH...
THIS IS WHAT WORKING FULLY ON COMMISSION MEANS...
ANOTHER MONTH ENDS IN THE RED.
BUMMER
IN DEBTS...
TH-
THESE BILLS ARE ARRIVING TOO SOON.
And hardly persuasive.
ERM... NO, NO THANK YOU.
NO!
He was 24 at the time. A young, healthy-looking man promoting health foods.
IMMU-NITY, I MEAN!
LISTEN, IT'S REALLY GREAT!
He was a bit brash...
Jin dove into door-to-door sales at local businesses, beauticians, etc.
No one wanted to listen to his long-winded explanations.
Shot Down
AGHH!
HEY! JIN!
HAGGARD
I ONLY DRINK AOJIRU!
DON'T YOU HAVE AOJIRU?
LACTIC ACID BACTERIA? WE ALREADY HAVE AOJIRU (GREEN VEGETABLE JUICE).
WELL... IF YOU'D JUST...
OH MAN!
BANG
NO, THANKS.
In those days there was an aojiru fad.
He had slicked-back hair, and seemed like an ill-tempered robot.
BOO
DAMMIT
OKAY, OKAY. UNDER-STOOD...
LOOK AT HIS DISA-PPOINTED EXPRES-SION!
WHAT?!
WELL... I'M WORKING.
WHAT'S THE SUIT FOR? IT'S SUNDAY.
YOU LOOK THIN...
WHAT A COINCI-DENCE!
OH! IT'S BEEN A WHILE.

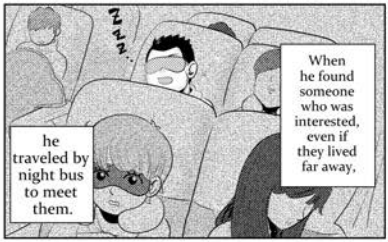

His friends were having fun, partying every week, going swimming in the ocean and snowboarding.
I WISH I COULD...
GROOOWWLLLPOO..
I'M STARVING.
THANKS...
WE'RE GOING SNOWBOARDING!
SORRY, LET'S GO FOR A DRINK SOME TIME!
YOU'RE WORKING ON A SUNDAY? TOO BAD!
GOOD LUCK!
WHY DO I HAVE TO LIVE IN MISERABLE POVERTY IN THIS DAY AND AGE..?
IF THAT'S THE CASE I WOULD RATHER HAVE A GOOD TIME!
WHY MUST A MAN CHASING HIS DREAM HAVE TO SUFFER LIKE THIS?!
AHHHHH
11 yen in his pocket...
BANG
DAMMIT!
GLUB
WHY AM I ALWAYS THE UNLUCKY ONE..?
GLUB
I'LL TELL EVERYONE THE TRUTH ABOUT LACTIC ACID BACTERIA,
AND MAKE THIS PRODUCT A PART OF JAPANESE CULTURE.
NO MATTER WHAT HAPPENS!
NO, NO, NO...
THAT'S COMPLETE NONSENSE!
SHAKE
SHAKE
.....
SHOULD I FIND A NEW JOB..?
AH

And then
he heard about a lecture in Kagoshima on lactic acid bacteria.
AND THAT'S IMPROVING MY SALES PERFOR-MANCE.
BUT FOR NOW THERE'S ONE THING I DESPERATELY NEED TO FOCUS ON.
Clench
.....
At a social gathering...
I'VE BEEN HAVING A TOUGH TIME LATELY.
I SEE...
Lecturer
Jin spent what little money he hadon the trip to attend it.
This encounter was to be a major turning point for him.

I'M PLANNING TO VISIT CHIRAN TOMORROW. WOULD YOU CARE TO JOIN ME?
IT MIGHT INSPIRE YOU.

He received a shock there.
WH-
WHAT ON EARTH..?!
MOTHER
MOTHER
MOTHER
AM I BEING TRUE TO MYSELF?
AM I DOING ALL I CAN DO?
HOW COULD I HAVE BEEN SO DUMB?
WHAT A TINY BUBBLE I'VE BEEN LIVING IN!
I WILL SHOW THEM MY GRATITUDE!
DRIP
MY ANCESTORS WENT SO FAR AS TO SACRIFICE THEMSELVES FOR US.
AM I BEING UNGRATEFUL TO THEM?
I WAS CARING TOO MUCH ABOUT MY PUBLIC IMAGE, AND NOT PUTTING MY ALL INTO MY MISSION.

That became his brand-new starting point!
ANYWAY, ANYHOW!
LET'S DO IT...

He recorded his pitches and listened to them over and over, made videos and watched those many times, too.
REC

he traveled by night bus to meet them.
When he found someone who was interested, even if they lived far away,
ZZZ...

12am 'til 6am working in a bento shop,
7am 'til midday collecting wet towels,
and from midday 'til night-time
he did door-to-door sales, telemarketing and in-person deliveries.

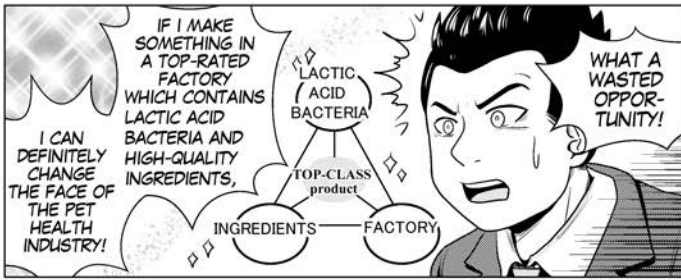

Every month he traveled from city to city, across 13 different prefectures.
...and reading up on the subject!
PERHAPS LACTIC ACID BACTERIA CAN BECOME STRONGER IN A MORE ACIDIC MEDIUM...
This pattern continued for 2 years!

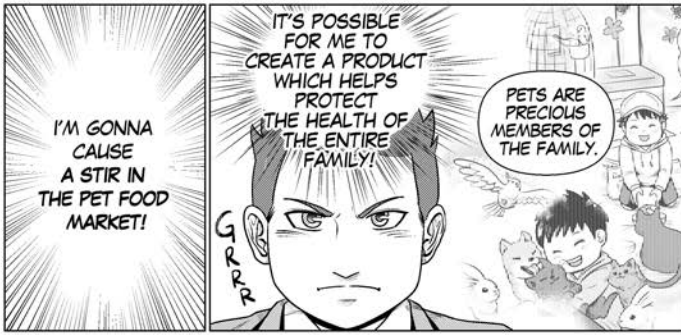

Washing his hair, brushing his teeth, wiping his body clean...

I CAN'T WASTE MY MONEY...
I'VE GOT TO ECO-NOMIZE!

Soon after arriving at his destination, he would race to a public restroom!

JIN NAKAMURA, WHO HAS A FEW WORDS TO SAY.
Then at last
I WOULD LIKE TO INTRODUCE OUR NEW DIRECTOR,
He closed more and more deals,
and his sales went up and up.
I AM ETERNALLY THANKFUL.
FOR SO MANY PEOPLE TO HAVE BELIEVED IN ME,
DESPITE BEING IN MY 20S, AND WITHOUT MUCH LIFE EXPERIENCE,
I WOULDN'T BE STANDING HERE TODAY WITHOUT THE HELP OF MANY PEOPLE.
He became the youngest director in the company.
IS THAT TRUE?!
Then one day...
WHAT?!
YES
AND TO MY EVER-SUPPORTIVE FAMILY,
THANK YOU SO MUCH.

THE LAW CONCERNING PET ANIMALS IS REALLY TERRIBLE. PETS ARE TREATED LIKE CARGO WHEN THEY TRAVEL ON AIRPLANES...
HOW AWFUL...
The deeper he digs, the more apparent the shamefulness becomes.
SPEAKING OF DISEASE PREVENTION, THIS IS WHERE LACTIC ACID BACTERIA COME IN!
ALMOST NOBODY CARES ABOUT PREVENTING DISEASES!
JUST THE SAME AS HUMANS...
He heard about the pitiful state of the pet industry.

HELLO JIN, IS SOMETHING THE MATTER?
MAY I COME IN?
IT WOULD BE SO DIFFI-CULT!
SURELY IT'S NOT WORTH ALL THE HASSLE?
THERE'S NO NEED TO GO THAT FAR...
YOU'RE GONNA START FROM SCRATCH AGAIN?
EH? LACTIC ACID BACTERIA FOR PETS?
His ideas generated howls of protest.

WELL, I'VE HAD ENOUGH ...
YOU'RE TALKING ABOUT PETS AGAIN?

because he had grown up in his own little zoo.
PRESIDENT'S OFFICE
But he never wavered in his resolution

I'LL RISK IT ALL TO VENTURE INTO THE PET INDUSTRY!

Back in 2010, Jin was 31 years old.
At the same time, he founded H&J Inc. The corporate philosophy was as follows:
-We fulfill your lives
-We enhance your way of thinking
-We leave the future open to possibilities
-We change history

GOOD HEALTH STARTS WITH A GUT HEALTH. PET DISEASES WILL ONLY BECOME
MORE OF A PROBLEM IN THE NEAR FUTURE.
NO... NO, THANKS.
WELL... YOU MAY BE RIGHT, BUT...
But in the early years he had trouble gaining public acceptance.
LACTIC ACID BACTERIA FOR PETS?

THAT'S WHAT THEY ALL SAY, ISN'T IT? NO SALESPERSON WOULD TAKE RESPONSIBILITY IF IT DOESN'T SELL.
OH DEAR...
IF THIS WAS AN ORDINARY PRODUCT, I WOULD HAVE NEVER PUT MY OWN NAME ON IT.
THEY'RE ALL PRETTY MUCH ALIKE, AREN'T THEY?
H&J·N
I DON'T WANT TO CARRY ANY STOCK, SORRY!
OH, NO NO NO...
SO PLEASE DON'T JUDGE ME, DO BUSINESS WITH ME INSTEAD.
I'M NOT SAYING THAT. THAT'S WHY YOU'RE HERE, RIGHT?

WHAT CAN I DO...?
But he needed a boost to achieve his goals.
So with that, he worked to fulfill his end of the agreement.

THANK YOU SO MUCH FOR THE OPPORTUNITY.
SIR!
THAT WAS AN EXCELLENT TALK.
PRESIDENT NAKAMURA,
President of the pet product company
An acquaintance who worked for a pet product company had invited him to a talk there.
ABSOLUTELY! OF COURSE! I WOULD BE HAPPY TO.
IF THERE'S ANYTHING WE CAN DO, JUST LET US KNOW.
WE'D LIKE TO SUPPORT YOUR ENDEAVOR.
ACTUALLY, WE SHOULD BE THANKING YOU FOR CREATING A GENUINE PRODUCT.
Moreover
HUH? NON-PET OWNERS WANT TO TRY H&JIN FOR PET USE?
BANG!
And the product began making waves.
Thanks to the efforts of his two like-minded patrons,
H&JIN sales promotion was further accelerated!
supplement advisors, and people who studied traditional Eastern medicine.
Apparently, it was spreading by word of mouth via doctors and health/nutritional advisors,
IT'S BECOMING A SENSATION!
HIS DOCTOR RECOMMENDED IT TO ME.
THIS IS FOR MY SON.
I WAS SURPRISED, TOO!
JIN

And so, H&JIN for human use was created.

It requires many researchers working around the clock, and demanding huge costs to try to find new strains and accumulate the knowledge to make improvements.
But it was much easier said than done.

IT ALL STARTED WITH THIS CHILDLIKE DREAM.
I WANT TO DISCOVER MY OWN LACTIC BACTERIA STRAINS.

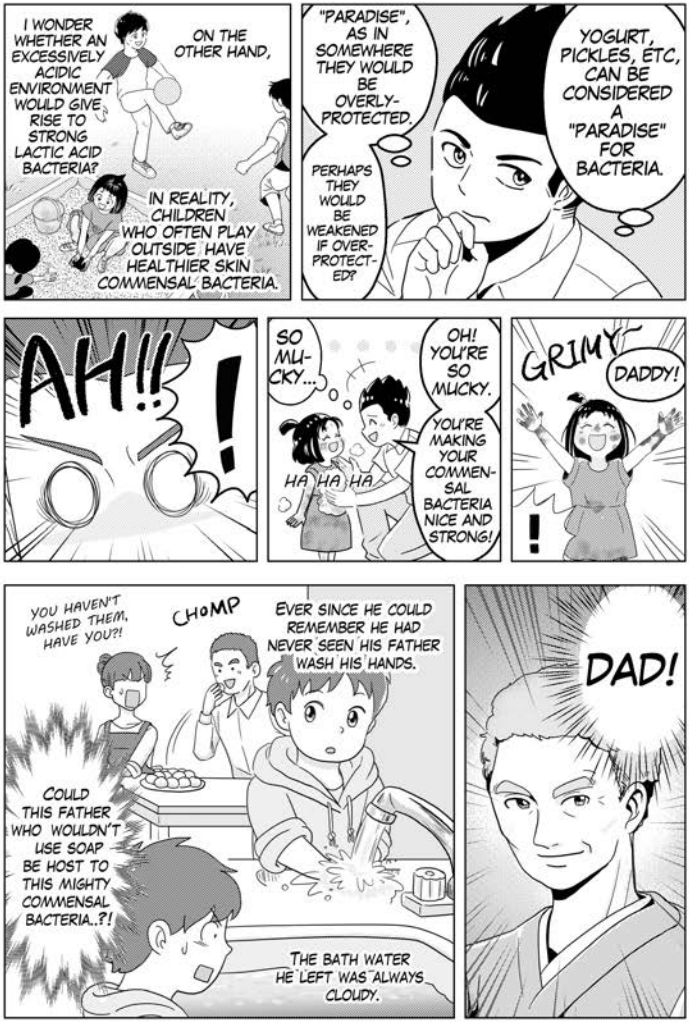

AL-THOU-GH...
EVEN IF THE INTESTINAL ENVIRONMENT COULD BE IMPROVED, BAD ORAL BACTERIA COULD STILL WREAK HAVOC ON THE BODY.

Chapter 2:
Discovery of the World's Best Lactic Acid Bacteria
WHAT TO DO ABOUT THIS MASSIVE PROBLEM..?

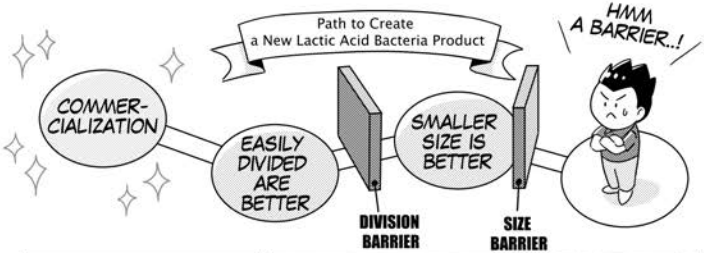

*1 Please see "INTESTINAL & ORAL REVOLUTION"
*2 Please see "BEAUTIFUL SKIN & GLOSSY HAIR REVOLUTION"

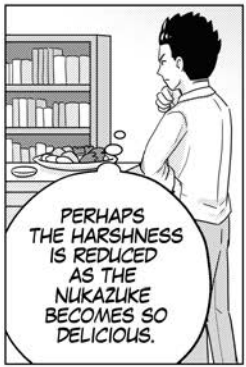

I WONDER WHETHER AN EXCESSIVELY ACIDIC ENVIRONMENT WOULD GIVE RISE TO STRONG LACTIC ACID BACTERIA?
ON THE OTHER HAND,
IN REALITY, CHILDREN WHO OFTEN PLAY OUTSIDE HAVE HEALTHIER SKIN COMMENSAL BACTERIA.
"PARADISE", AS IN SOMEWHERE THEY WOULD BE OVERLY-PROTECTED.
PERHAPS THEY WOULD BE WEAKENED IF OVER-PROTECT-ED?
YOGURT, PICKLES, ETC, CAN BE CONSIDERED A "PARADISE" FOR BACTERIA.
AH!!
SO MU-CKY...
HA HA HA
OH! YOU'RE SO MUCKY.
YOU'RE MAKING YOUR COMMEN-SAL BACTERIA NICE AND STRONG!
GRIMY
DADDY!
YOU HAVEN'T WASHED THEM, HAVE YOU?!
CHOMP
EVER SINCE HE COULD REMEMBER HE HAD NEVER SEEN HIS FATHER WASH HIS HANDS.
COULD THIS FATHER WHO WOULDN'T USE SOAP BE HOST TO THIS MIGHTY COMMENSAL BACTERIA..?!
THE BATH WATER HE LEFT WAS ALWAYS CLOUDY.
DAD!

I WAS A BIT RELUCTANT BUT IT WAS SURPRISINGLY GOOD.
Among these pickled dishes he was particularly fond of nukazuke, which Jin ate quite a lot from early childhood.
Jin's father's hobbies were pickling and preparing vege-tables.
QUICK, RINSE IT OUT WITH WATER.
OH, NO!
OWWW...
AH, ARE YOU OK?
FLUTTer
HUH?
WHAT IF THAT BED OF SALTED RICE BRAN THAT HAS DAD'S HANDS IN IT EVERY DAY WAS A PARTI-CULARLY HARSH ENVIRON-MENT?
COME TO THINK OF IT,
WHAT ABOUT BODY FLUIDS CONTAINING LACTIC ACID BACTERIA?
OUR BLOOD IS SO AMAZING...
IT CONTAINS A LOT OF SUBSTANCES THAT PROTECT US...
WHOOSH
WHOOSH
OK! LET'S FIND OUT!
HA!

DAD, LEND ME SOME NUKAZUKE!
WHAT'S UP, JIN? YOU SEEM FLUSTERED.
HUH? YOU WANT TO EAT IT THAT BADLY?
With that thought in mind he took his dad's nukazuke along to a research lab.
Could there be a chance that the fermenting nukazuke harbors incredible lactic acid bacteria?
Jin went to test his theory straight away!
DAD!
"As anticipated, there are lactic acid bacteria present which hold great potential."
AH!
PING
A few weeks later he received a reply from them.
IT'S HERE?!
FIRST AND FOREMOST, IF YOU CAN'T GROW THEM IT'S NOT POSSIBLE TO MANUFACTURE PRODUCTS....
IF THEY AREN'T SMALL ENOUGH THEY CAN'T EASILY EXERT THEIR EFFECTS...
"However, the bacteria are large and difficult to grow in colonies."
